Work doesn't stop when you leave the office, and neither should your internet connection. That's why CLEAR is covering your city with a 4G network built to deliver super fast take-it-with-you internet that works as fast on the go as it does at the office.

So now you can stay connected to the people, information and applications you depend on, virtually wherever work takes you within a CLEAR coverage area.

- **In the office**, get online at exceptionally fast speeds with no appointment, no installation and no phone line.
- **As a passenger in a car, at a presentation or on a job site**, get the same full internet experience you enjoy at the office while on the go. And because we're ready to meet all your communications needs, we also offer CLEAR Professional Voice: a complete VoIP* business phone and fax solution for all your employees at all of your locations within a CLEAR coverage area.¹
